

Bem -Vindo ao

NISSIN
ACADEMY

Estamos de cara nova!

**Siga os passo a seguir
para realizar a limpeza de
cache do Nissin Academy:**

Siga o passo a passo:

1. Abra o site do Nissin Academy:
<https://www.nissinacademy.com.br>
2. Clique no menu de três pontos do Chrome
3. Vá em “Mais ferramentas”
4. Escolha a opção “Ferramentas do desenvolvedor”.

The screenshot shows a Chrome browser window with the Nissin Academy website open. The browser's menu is open, and the 'Developer Tools' option is highlighted. Red arrows and numbers 2, 3, and 4 indicate the steps: 2 points to the three-dot menu, 3 points to 'Mais ferramentas', and 4 points to 'Ferramentas do desenvolvedor'.

The website content includes the Nissin Academy logo, a user profile for Adaildo Junior, and a course titled 'Treinamento de Conscientização de Segurança Cibernética' with a progress bar showing 100% completion. The course is divided into 2/2 stages, with the first stage being a video training and the second being a quiz.

Siga o passo a passo:

5. Encontre a seção “Application” caso não apareça basta nas 2 setas >>
6. Acesse a aba “Storage”
7. Clique em “Clear site data”

Ao fazer isso, todas as informações em cache do site serão excluídas imediatamente. Caso esteja logado na página, será necessário fazer o login novamente.

The screenshot shows a web browser window with the NISSIN Academy website. The browser's DevTools are open, and the 'Application' tab is selected. A red arrow labeled '5' points to the 'Application' tab. The 'Storage' section is expanded, and a red arrow labeled '6' points to it. The 'Clear site data' button is visible, and a red arrow labeled '7' points to it. The website content shows a video player for 'Vídeo – Treinamento de Conscientização de Segurança Cibernética'.
